Don't miss hearing our special guest speaker - Mike King (prominent mental health educator and Kiwibank 2019 New Zealander of the Year) - speaking on mental health!

Men don't prioritize their own health
Men don't like to talk about health issues
Men don't find the time
Men don't like to make a fuss
Men don't know what they should be looking out for
Men **die** because of it.

YOU must not miss this opportunity to learn more in a relaxed non-threatening environment! This is NOT just for men – the ladies are very welcome as we recognise their role in getting the men in their lives to take action regarding their health.
